

Customising your event bib

You may be cycling in The Big Cycle 2020 for a specific reason, or with a specific dedication, and we'd like to offer you the opportunity to customise your event bib to reflect this.

You can change your number, using any digits: **0123456789**

You can add a short message underneath this. This could be a dedication, or perhaps a team name if you are participating with a group of friends or family (please respect current Government guidance on social distancing: <https://gov.wales/coronavirus-social-distancing-guidance>)

Just change your number and add your text in the editable fields on the event bib before printing. The easiest way to get the best result use Adobe Acrobat or Adobe Acrobat ([available for free from https://get.adobe.com/uk/reader/](https://get.adobe.com/uk/reader/))
